Gary:

We will go final on the 1900-55 understanding your reservations about the subcontracting people. They were totally engaged with the quick turn around on the carbon vapor extraction unit and finalizing our other subcontracts for vendors and materials.

I understand your position on the equipment operators vs laborers on the 1900-55 for operation of the unloader/skid steer. I am working with my management on this dispute. Brian Collins will be at the site today and I will again discuss with him the need for resumes for classification of the equipment operator and truck drivers.

LeRoy
